

30-DAY REVENUE ACCELERATOR: FROM "LIKES" TO DIRECT BOOKINGS

The solution to turn Social Media into a Guest Acquisition Machine and Maximize 100% Profit.
This Trial Package stops revenue leakage right from social media and drives bookings to your direct channels.

I. THE PROBLEM: HOW MANY GUESTS ARE YOU LOSING FROM SOCIAL MEDIA?

High interaction on social media does not equal real revenue.

Many accommodation owners invest in professional images and content on Facebook & Instagram, yet bookings still depend on OTA platforms. This leads to:

- **Losing 15-25% commission to intermediaries.**
- **Customer Data Leakage:** You don't know who the guest is to retain them for future stays.
- **Lost Guests due to "Sold Out":** Traditional websites show "Sold Out," causing guests to leave immediately.

The 30-Day Trial Package is designed to convert interaction into direct revenue using an exclusive formula: **Premium Media + Revenue Gateway = Direct Booking Growth.**

II. TWO OPTIONS TO START TODAY

Option 1: ONSITE CREATOR – Full Production & Management

For properties wanting a complete makeover in visuals and content strategy.

- **Deep Production:** Henry personally directs 01 interior/architectural photo shoot and films 03 premium Reels focusing on emotional experiences.
- **Strategic Content Management:** Planning and editing 08-10 target posts, guiding customers to take booking actions.
- **Touchpoint Optimization:** Professional Bio setup, turning your profile into a direct guest welcome portal.

Option 2: REMOTE EDIT & STRATEGY – Awakening Existing Assets

For properties that have raw footage but lack storytelling editing.

- **Professional Post-Production:** Transforming 5-10 of your raw videos/photos into premium footage by Henry's creative team.
- **Monthly Content Campaign:** 05-10 strategic posts focused on persuading customers to book directly.
- **Channel Synchronization:** Attaching the Revenue Gateway link to the Bio to ensure no social media traffic is wasted.
